

Rui Sasaki
佐々木類

Rui Sasaki uses glass as a material capable of recording and preserving existence, exploring the subtle intimacy that emerges within the interplay between space and the body. In the *Subtle Intimacy* series, Sasaki encases plants between sheets of glass and seals their cultivated earthly memories into her works using a high-temperature kiln. While overlaying her encounters and the passage of time with the presence of her windows and garden, she creates dreamlike spaces with the expression of the plants she suspends in her glass worlds.
